Caution:

- To balance the molecular forces of polyester it is necessary to match a top and a bottom layer in a laminated sheet
- Matching stacks of material will be provided to make this possible
- Please use the following method to insure a flat lamination

- A matched set is a top sheet "A" and a bottom sheet "B"
- Please follow matching instructions on each stack label
- One edge is marked. Align top and bottom sheet as shown
- Always perform a test lamination of matched stacks before printing the entire job
